Capacity of Texas Receives ISO 9001 Certification

Capacity of Texas, Inc. announced today that it has been designated an ISO 9001 certified manufacturer. Capacity of Texas, Inc., based in Longview, Texas, is a worldwide leader in terminal tractor manufacturing. Randall Swift, President of Capacity of Texas, stated "We are pleased to receive this ISO 9001 designation. It sends a clear message to our customers and distributors, both domestically and internationally, that Capacity has invested substantial time and financial resources in our management and manufacturing systems. This ISO 9001 certification will further enhance our reputation as the most durable terminal tractor in the industry."

Capacity distributes products through a national and international authorized representative network and operates a multi-million dollar parts warehouse. Capacity offers the patented Dura-Ride® air spring suspension system, lifetime paint warranties and extended frame warranties on their terminal tractors. Capacity of Texas may be reached via worldwide web at www.capacitytexas.com.

Capacity of Texas is a wholly owned subsidiary of Collins Industries, Inc., a leading manufacturer of ambulances, small school buses, commercial buses and terminal trucks. The Company sells its products throughout the United States and, to a lesser extent, abroad. its products throughout the United States and abroad.
